

Aubrey Wilcher

PROJECT PHASE 02

63.5/65—Great job overall on your project! You met the overwhelming majority of the requirements. There were a few small details (not all pages were two-column, there wasn't a text color defined for the site, and you styled an `<a>` inside of a ``, but not the `` itself. You have set yourself up well for the last phase, and thank you for the feedback!

Adding Content to Pages

5	5	Five HTML pages of content that each include at least one image
---	---	---

Website Elements

2	2	Clear and consistent navigation on every page
1	1	External link that opens in a new window
1	1	Internal link that points to an anchor
2	4	Two-column layout with header and footer
4	4	Fixed-width and centered layout
16	16	Correctly used <code><div></code> , <code><header></code> , <code><footer></code> , and <code><aside></code> tags
2	2	Thumbnail image links to page with a larger version of the image
28	30	

CSS

3	3	All CSS inside of style.css
1	1	Background color defined for site
0	1	Text color defined for site
1	1	Fonts defined for site
8	8	Proficiently used box model (border, margin, padding, and width)
1	1	Class selector
1	1	ID selector
1	1	Descendent selector
3	3	<code><a></code> state styling
.5	1	<code></code> styling
1	2	Float a block element

1	2	Float an inline element
5	5	CSS validates
28.5	30	

Extra Credit

2	2	Left feedback about the checklist
